

# PfannenProfis return delivery form

If you enclose this completed return delivery form with the return shipment, it will help us to process the return as quickly as possible. Thank you.

Alternatively, you can also enclose the invoice and complete the missing information on the back by hand.

## Please note the following important information:

- ➔ **ATTENTION:** If you send us back **used or damaged goods** within the scope of a cancellation, you may have to reckon with deductions, in the case of goods that have become unsaleable up to 100%.
- ➔ The **original packaging** is part of the goods and if possible should be returned complete and undamaged.
- ➔ Ensure that the goods are adequately **secured and padded against impact and falling**, so that no transport damage occurs. Pack the goods preferably exactly as you received them from us. The package contents must be able to withstand a **fall from a height of 1 meter / 3 feet** (e.g. from the sorting belt) without damage.
